JOANA PIMENTEL

Born 09.10.1996
In Lisbon, Portugal

WORK EXPERIENCE

January 2023 – February 2024
TRAINEE / JUNIOR FRONT-END DEVELOPER
WEBCOMUM - Digital Business and Tech

Worked as a Front-end Developer for the first time, helping as an assistant developer in many projects for clients such as e-commerce clients, social organizations and business companies. Working in an agency gave me the ability to work under pressure and cooperate harmoniously in a team, while at the same time improving my technical skills at a very fast speed.

May 2017 - November 2021
VIDEO AND SOUND / MULTIMEDIA EDITOR
FREELANCER

I have worked for a wide variety of clients, mostly editing video and sound projects, but I also have experience in web design, WordPress, content design and image editing.

VOLUNTEERING EXPERIENCE

September 2022 – November 2022
PHOTOGRAPHY / WORDPRESS DEVELOPER
A4 – Associations for Contemporary Culture SK, BRATISLAVA

In this Erasmus+ Volunteering Project, I photographed several events, such as concerts, debates, exhibitions and performances. I have also worked as a WordPress developer assistant for the association's website.

EDUCATION

March 2022 – August 2022
course of FRONT-END DEVELOPMENT
EDIT PORTO

By taking this course I became able to build fully responsive websites, since it covers the basics - from a small introduction of UX-UI Design in Figma to the code conversion of the designs with HTML, CSS and Javascript, using SASS and React as a support stack.

October 2018 - July 2019
post graduation in SOUND ARTS
FACULTY OF FINE ARTS LISBON

A curiosity sequel to my graduation, in order to deepen my knowledge in sound. Using mainly Ableton Live, produced short experimental tunes and sound textures for exhibitions.

September 2015 – July 2018
graduation in MULTIMEDIA ARTS
FACULTY OF FINE ARTS LISBON

Video and sound editing, using a wide range of post-production software's. I have gained the tools to create collective art exhibitions. Furthermore, this course provides broad and deep knowledge of contemporary art.

QUICK INTRODUCTION

I'm a tech enthusiast. I've been interested in post-production editing for a long time and recently discovered a passion for coding. Also into cinema, experimental music and psychology.
